St George's Day Run

A-SITE EDITION

Next Run 1783 – May 7th 2018

Hares: Crapper and Pocket Socket

81 Hashers this week!

Hares: SFW, Lady Flipper, Phantom and Tampax

Scribe by: The Wizard

The day began rather earlier than usual with an unsolicited message from **SIR FREE WILLY** letting me know that the A-site was dry and that he, **LADY FLIPPER**, **TAMPAX** and **PHANTOM** (the hares) were participating in a spot of nude sunbathing, the thought of which was almost enough for me to put my running shoes back into the cupboard and say bollocks to it. However in the true spirit of **English** stoicism I carried on preparing myself for the day ahead.

Thankfully Baht buses were at the **Buffalo Bar** waiting for us this week, but despite precise directions and maps on the website, and navigator, **MENSTRUAL DISORDER**, riding shotgun, our particular bus still managed to do a series of unnecessary U-turns, unsurprisingly ending up at a previous point on our travels. Worry not though, as the hour long journey was soon over, **LADY F** and **LOST CAUSE** guiding vehicles into the A-site which was shaded and grassy, very pleasant indeed.

The hares had obviously gone to considerable effort to make the A-site a shrine to **St George** with flags and bunting all around. Interestingly there were several other items on display including a short history of **St George**, the history of Cockney Rhyming slang - in fact it had very much the feel of a junior classroom especially when you saw the shadowy shape of **SFW** directing operations. I'm not sure why one of the items on display was a article detailing a criminal enterprise from some years ago involving **SFW**, it's really not something to be proud of, in my opinion.

However, the first circle was called and all the usual announcements were made; no new shoes were forthcoming although **SEAL SUCKER** was nominated for the third run in a row. Brief instructions from the hares were the final act before we set off. The trail itself was well laid and had several interesting checks, although the first half of it was mostly unshaded and the afternoon sun was particularly fierce, the heat taking its toll on runners and walkers alike. In consideration of this it was a thankfully short trail, just under 7 km, and on return the hares were busy serving snakebites (a mix of lager and cider, traditionally imbibed on the few hot days in **England** every year) to everyone. Another nice touch from the hares, as was the abundance of fruit, crisps and chocolate bars - despite the fact that the chocolate was out of date, in fact so out of date that the actual date printed on the wrapper was in Roman numerals, but being a bunch of greedy freeloaders we all got stuck into them anyway.

The second circle got underway on time and as usual the hares were iced and forced to listen to everyone's views on the run, which were generally very positive, especially when consideration was given to a previous run hared by **SFW**, which he probably did from the comfort of his car until he got bored and stopped throwing paper from the window.

SFW conducted his weekly **Raffle** despite a rather boisterous circle (blame the snakebites) and **MENTAL DISORDER**, the **GM**, putting **CRAPPER** and **SEAL SUCKER** in the bucket for not paying attention (really like a classroom now) and no sooner had the **GM** released those

A-Site Mis-Directions:

From Pattaya Klang, head North and take the flyover to Hwy 7. After about 9 km, exit Hwy 7 at Hwy 36 towards Rayong. After 1.2 km turn left onto the 3240 past Khao Mai Kaew. Continue for 6.7 km to Hwy 331 and turn left. Proceed for 4.7 km to a road and turn left (HHH). Continue for 800m along this road, turn left again (HHH) and the A-Site is 300m along.

two from the naughty step than **BEETROOT HEAD** and **ARSE BANDIT** were in the bucket for the same misdemeanour. The **Raffle** prize winners, well no one really cares who they are but it's worth noting that **GENERAL KIDNEY WIPER** picked up the large bottle of wine for the second week running.

MD retook the circle and iced all the **Septics** so that he could remind us of **PSYCHO STRANGLER**'s altercation in the Immigration Office in Jomtien many months ago. A recurring story and a recurring theme to be honest.

EMPEROR AIRHEAD entertained us whilst the hares were cooling their backsides again, most memorably recounting yet another **SFW** run when everyone was expecting **SFW** to appear at the A-site on a white charger (where he was going to find a horse that strong is anybody's guess) but disappointment prevailed as **SFW** was a no show, but only because he had been incarcerated, as good as an excuse as you can get I'm sure.

NECROPHILIA NIGHT RIDER, **STUPID KRAUT KUNT**, **TURD BURGLAR** and **NOT SO STUPID KRAUT KUNT** were all iced as **EA** continued his much appreciated time in the circle. Interestingly when **EA** asked for **Englishmen** to reveal themselves so he could ask about St George **GKW** raised his hand and told us an interesting but nonetheless bullshit story about St George inventing the Catherine wheel (you should not have cracked open that wine till you got home).

Two virgins were introduced to the circle, and it seemed they were having a good time which is nice. However this was short lived as **EA** handed the circle to **THE WIZARD** who called the virgins back in to establish why only one had bought a hash shirt. **Colin** from **Canada**, the offender, could offer no reasonable explanation and was presented with a deal; wear a spare hash shirt provided by **TW** or sit in the bucket. Not surprisingly and without much thought he elected to wear the shirt, which he was given, but after it was soaked in the icy water.

For some reason that passed me by, the hares wanted to do their song next rather than at the traditional juncture. **SFW** put all the **Germans** on the ice and then sang rather too many verses of a Noel Coward song that was popular in its day, mocking as it did, the Germans. It was a bit of an interlude in proceedings and allowed us all to regroup and get beers in.

MD then called **SPERM POLLUTER** to the bucket for behaviour witnessed on another hash and in some form of retribution called **CANNONBALL** to sit on **SP** which he did with great gusto (you must have been very naughty elsewhere **SP**), and as **SP** pretended to be having fun increased the payload on **SP** by getting **SFW** and another lightweight, **GASMAN**, to join in the party. I'm not sure how **SP** survived, or in fact how the bucket remained intact but everyone got out alive (we'll get a report on **SP**'s internal organs later in the week - apparently his external organ was still fully functional).

As is the norm these days the awards was a bit of a mix up, **WANK-KING'S WANKER** was iced for previous fuck ups and **ARSE BANDIT** given belated congratulations on 50 sign ups - he used to be a runner but lapsed once and is now a full time fully paid member of the **Beer Hunters**. Where did it all go wrong mate?

SCAR W/2T'S called the patriotic **SFW** to the ice to enquire what is so great about being **English**, well it takes an **Englishman** to know, but **SFW** pointed out that everyone was speaking our language and that was just about good enough for **SCAR**. **SP** and **GASMAN** were back on the ice and to preserve the innocent we shall just say that **SP** can now be referred to as the Virgin Inspector, a role he fulfills with the aid of an extra strong flashlight. Enough said about that.

Next in were the **Belgians** (or **Belgiums** as they are often referred to by some) and the question asked why are there only 4 of them when not so long ago there was often a dozen or so.' Injuries' was the pc reply and no further cross examination followed. Touchy subject.

THE WIZARD then did his duty with the *'Wanker of the Week'* ultimately passing it on from **MD** to **PSYCHO STRANGLER** who actually won the public vote but scurried off from the ice before time and was subsequently called back to take the award from **MD**.

Things were starting to draw to a close and it was time for **SCAR** and **NO MORE CUM** to take a seat. **MD**, with a tear in his eye started the goodbyes, as both of these fine **RA**'s are departing **Thailand** for their summertime homes before the next hash. It was all getting a bit messy with **MD** extolling their every virtue, even **NMC**'s noney hair cut, but just when you think you're going to be sick from all the sycophantic arse licking reality kicks in as the circle take back control and sing *"Fuck Off Ya Cunts"* to see them off. Thank god for the power of the people. A voice from the crowd, unidentified as yet, was heard to say, *"Thank fuck those 2 are going, now there will be enough ladyboys to go around."* Identify yourself.....!

BEN 10 led the **Hash Hymn** in fine style and that was it, another great hash over. So we got into the cars and buses and headed off into the dark. On the bus home someone asked how did **CANNONBALL** get his name, like that is a question you need to ask, but apparently the truth is different to what you may expect. Allegedly he was adopted by a couple of circus workers. Part of the adoption process was an interview on the parents lifestyle and questions were asked about their nomadic way of life and how they could provide an education for a prospective child. Oh, we'll employ a full time teacher to tour with us to ensure a fully comprehensive education they said. And what about health care? Likewise, we'll employ a full time nurse and have a leading doctor on call. That's good, said the adoption agency rep, have you given any thought to whether you'd prefer a little girl or boy? No they said, we don't give a fuck as long as they fit in the cannon.

On-On ! The Wizard
